Draft for legal review. This is a template contract binding YOFINDER Ltd to a user. It should be reviewed by a legal adviser before it is offered for signature.

THE PARTIES

	PROVIDER	USER
Name	YOFINDER Ltd	
TIN	149047989	
Address	Rukiri I, Remera, Gasabo, Kigali City	
Contact	+250 783 714 720 · info@yofinder.com	
Premises covered	—	
Terminals covered	—	
Start date		

1 · WHAT IS SUPPLIED

YOFINDER Ltd licenses Magnify to the User for the premises and terminals listed above, and supports it on the terms below.

Magnify operates as a Certified Invoicing System connected to a Sales Data Controller. The User is the taxpayer and remains responsible for its own tax obligations; YOFINDER Ltd supplies and supports the software by which invoices are issued.

2 · SUPPORT

Hours. 08:00 to 23:00, seven days a week, including public holidays.

Contact. +250 783 714 720 for anything urgent; info@yofinder.com otherwise. A terminal out of service should always be reported by phone.

SEVERITY	MEANING	FIRST RESPONSE	TARGET RESOLUTION
Critical	Cannot trade – bills cannot be settled or receipts issued	30 minutes	4 hours
High	Trading continues, an important function unavailable	2 hours	Same day
Medium	Impaired, with a workaround	1 business day	5 business days
Low	Cosmetic, or a request	2 business days	By agreement

Times are measured within support hours from when the fault is reported. YOFINDER Ltd will use reasonable endeavours to meet them. Support is provided remotely where possible and on site at the User's premises within Kigali where it is not.

3 · WHAT SUPPORT DOES NOT COVER

- The User's internet connection, and faults arising from its loss
- Computers, tablets, printers, cabling, power supply and other hardware
- Electrical supply, including outages and damage caused by them
- Third-party software or services on the same equipment
- The Sales Data Controller and RRA's systems
- Loss or corruption caused by unauthorised changes to the software, database or configuration
- Data entry, including menu setup and stock counting

A certified system stops trading when it cannot reach the Sales Data Controller. That is required by the specification and is not a fault in Magnify.

4 · THE USER'S OBLIGATIONS

- Report faults promptly, by phone where urgent
- Allow remote access when asked, and access to the premises where attendance is needed
- Maintain a working internet connection and functioning hardware
- Keep supervisor credentials secure
- Make no change to the software, its database or its fiscal configuration except through the application
- Install updates required for continued compliance
- Ensure the fiscal details registered in the software – TIN, MRC and outlet identifiers – are correct and current

Where a fault arises from these obligations not being met, the response times in section 2 do not apply, though YOFINDER Ltd will still assist.

5 · UPDATES

A certified installation does not update automatically. Each version is installed deliberately, so that the installation cannot move past the version approved by RRA.

Where RRA requires a change for continued compliance, YOFINDER Ltd will supply the updated version and the User will install it promptly. Such an update is treated as critical.

6 · DATA

The User's data belongs to the User. YOFINDER Ltd processes it only to provide and support the software, and discloses it to no one except where the law or RRA requires.

Fiscal records — receipts, receipt numbering and cash movements — are retained and are not deleted by any function available to a user. On termination YOFINDER Ltd will supply an export of the User's data in a readable format.

7 · CHARGES

Support is provided for _____ per
_____, payable _____
.

Attendance outside Kigali, work outside support hours, and services excluded under section 3 may be charged separately, at rates agreed in advance.

8 · LIABILITY

The response and resolution times in section 2 are targets pursued with reasonable endeavours. They are not warranties, and failure to meet one does not of itself create liability for loss of profit, loss of trade or other indirect loss.

Any liability that does arise is limited to the support charges paid by the User in the preceding twelve months. Nothing here limits liability where the law does not permit it to be limited.

9 · TERM AND TERMINATION

This agreement begins on the start date above and continues until terminated. Either party may terminate on 30 days' written notice.

Where YOFINDER Ltd repeatedly fails to meet the response times in section 2, the User may terminate immediately on written notice, without penalty.

10 · GOVERNING LAW

This agreement is governed by the laws of the Republic of Rwanda. The parties will attempt to resolve any dispute in good faith before resorting to the courts of Rwanda.
